

## To Get To Jesus

It was comfortable and dry, In the boat that stormy night  
When Peter saw the Lord out on the sea  
He said Lord you're not that far, Let me come to where you are  
And as he stepped out of the boat, He just believed

Maybe you can't see down the road  
And where you've been God only knows  
And the hope inside your heart  
It's almost died

Well friend I have good news  
Hope is reaching out to you  
You see He's right here in this room  
Don't let Him pass you by

Yeah that same voice that raised the dead  
When he said: "Lazarus come forth!"  
Is calling you, what will you do?  
What are you waiting for?

chorus

Whatever it takes to get to Jesus  
Just one touch would be enough For all I'm needing  
So when I hear Him say come  
I'm not gonna walk, I'm gonna run... Right now  
To get to Jesus:
